

## PRODUCT SPECIFICATIONS & INSTALLATION INFORMATION

### 01-380-800 Protective Grill – 7.25"

#### Specifications:

- Mounting: Inserts into Multi-Mount Fan housing.  
Size: 7.25" in diameter.  
Use: Designed for Multi-Mount Fan with Flat Mounting Plates. Used when fan will not be mounted against a wall with a vent cover in place.

#### Installation Steps:

1. Place the protective grill in front of the Multi-Mount Fan housing.
2. Insert the grill by pushing in from angle. This will be snug fit.
3. Once inserted, you are ready to mount fan to flat Multi-Mount Plate. Follow instructions for mounting to plate on Spec Sheet for Multi-Mount Fan.
