

PRODUCT SPECIFICATIONS & INSTALLATION INFORMATION

01-290-100 Vent Cover (Grilled Open)

Specifications:

Mounting: Fits standard 16x8 inch vent opening.
Mounts with 4 screws (included).

Tools needed for Installation:

- Flat Head Screwdriver
- Caulk gun with clear caulk

Installation Steps:

1. Remove existing vent cover.
2. Insert the vent cover from the outside of the crawlspace into the opening and align in center. Make sure the vent cover is flush to the wall with no gaps around the edges.
3. Attach the vent cover by tightening the 4 attached screws to the left and right to create tension between the vent opening and the vent cover.
4. To better hold the vent cover in place, ATMOX recommends using caulk to hold the vent cover in place by caulking around all four sides of the vent cover.
